GRAPHIC DESIGNER

Number of Openings: 1

The Pixel Project is looking for 1 graphic designer to produce the visual materials that The Pixel Project's campaigns and programmes require. You will be working in tandem with another graphic designer, sharing graphic design assignments between you.

You should be strongly supportive of women's human rights and our mission to end violence against women.

The Graphic Designer's duties include:

- Mostly be working with the templates, visuals, and copy that we provide including:
 - Customising posters and other social media publicity/awareness-raising materials.
 - Helping us update our Anti-VAW toolkit/handbook (a PDF document)
- Occasionally designing posters, banners, infographics etc tailored for specific Pixel Project campaigns, programmes etc.

Skill Requirements:

The prospective graphic designer should have the following skills and experiences:

- Familiar with working with PhotoShop and PDF
- Already have access to Adobe Creative Cloud on their end.
- Experienced with working with templates.
- Reliable and excellent at keeping to deadlines
- Communicates well with team members using tools such as e-mail, WhatsApp, and Signal for communication.
- Able to work with a virtual team across several time zones.

Volunteer Time:

This position requires an average of 2 - 5 hours per week and may vary as there are busy periods and quiet periods.
