TWITTER MAVEN

Number of Openings: 2

The Pixel Project is looking for 1 - 2 Twitter mavens to join our long-running Twitter Tag Team. You will be working in tandem 4 other Twitter Tag Team members to set tweets for our Twitter account.

You should be strongly supportive of women's human rights and our mission to end violence against women.

The Twitter Maven's duties include:

- Pre-scheduling relevant tweets for the Twitter Tag Team shift or shifts you are assigned to
- Sourcing relevant news reports and articles about violence against women to use as tweets
- Occasionally covering extra shifts for any other team member who has an emergency or is going on sabbatical

Skill Requirements:

The prospective Twitter maven should have the following skills and experiences:

- Very familiar with Twitter
- Experienced at using Tweetdeck or any other social media scheduling app for Twitter
- Excellent at researching, tracking, and curating news headlines and articles according to topic
- Reliable and excellent at keeping to deadlines
- Communicates well with team members using tools such as e-mail, WhatsApp, and Signal for communication.
- Able to work with a virtual team across several time zones.

Volunteer Time:

This position requires an average of 1 - 2 hours per week.
